

Plant List

Botanical Name	Common Name	Plant Features	Structural Type	Fire Rating
<i>Acacia dealbata</i>	Silver Wattle	Fast growing. Yellow flowers, late winter. Silvery foliage. Good for erosion control.	Tree (10m+)	Retardant
<i>Acacia longifolia</i> ssp. <i>sophorae</i>	Coast Wattle	Fast growing. Yellow flowers, spring. Salt-tolerant coloniser.	Tall Shrub (2-5m+)	Retardant
<i>Acacia mearnsii</i>	Black Wattle	Fast growing. Pale yellow flowers, spring. Excellent firewood.	Tree (10m+)	Retardant
<i>Acacia melanoxylon</i>	Blackwood	Long-lived. Pale yellow flowers, spring. Good shade tree.	Tree (10m+)	Retardant
<i>Acacia mucronata</i>	Narrow-leaf Wattle	Spreading or erect shrub or small tree with long, thin phyllodes (leaves). Cream to yellow flower spikes. Good screen if pruned.	Tall Shrub (2-5m+)	Retardant
<i>Acacia myrtifolia</i>	Myrtle Wattle	Compact habit. Yellow flowers, late winter. Tolerates poor soil.	Low Shrub (<2m)	
<i>Acacia paradoxa</i>	Hedge Wattle	Prickly shrub. Bright yellow flowers, spring. Good screen or windbreak. Refuge for small birds	Tall Shrub (2-5m+)	
<i>Acacia stricta</i>	Hop Wattle	Coloniser. Pale yellow flowers, winter-spring. Good screen.	Tall Shrub (2-5m+)	
<i>Acacia suaveolens</i>	Sweet Wattle	Spreading habit. Perfumed cream flowers, winter-spring.	Low Shrub (<2m)	
<i>Acacia verticillata</i> ssp. <i>verticillata</i>	Prickly Moses	Prickly, tough plant. Yellow flowers, spring. Refuge for small birds.	Tall Shrub (2-5m+)	Retardant
<i>Acaena novae-zelandiae</i>	Bidgee Widgee	Matting ground cover. Flowers are followed by burrs.	Herbs/Lilies	
<i>Acaena x ovina</i>	Sheep's Burr	Erect rosette with hairy stems, growing 10-50 cm high. Understorey planting.	Herbs/Lilies	
<i>Actites megalocarpus</i>	Dune Thistle	Clumping perennial herb with prickly toothed leaves and yellow daisy flowerheads.	Herbs/Lilies	
<i>Adiantum aethiopicum</i>	Common Maidenhair	Tufted perennial herb spreading from slender, scale-covered branching stems which creep both above and below ground to form a spreading groundcover.	Fern	
<i>Adriana quadripartita</i>	Coast Bitter-bush	Spreading shrub with glossy or downy leaves and male and female flowers on separate plants.	Low Shrub (<2m)	
<i>Alisma plantago-aquatica</i>	Water Plantain	Erect perennial herb dying back to rootstock in winter. Large rounded to heart-shaped leaves. Pink flowers on long stems.	Aquatic/Wetland	
<i>Allocasuarina littoralis</i>	Black Sheoak	Ornamental foliage and bark. Male and female flowers on separate plants.	Small to Medium Tree (5-10m)	
<i>Allocasuarina paludosa</i>	Scrub or Swamp Sheoak	Compact habit. Grey-green branchlets. Frost tolerant. Bird attracting.	Low Shrub (<2m)	
<i>Allocasuarina paradoxa</i>	Green Sheoak	Open to dense shrub with smooth bark and spikes of reddish-brown male flowers.	Low Shrub (<2m)	
<i>Allocasuarina verticillata</i>	Drooping or Coast Sheoak	Ornamental weeping foliage. Male and female flowers on separate plants.	Small to Medium Tree (5-10m)	
<i>Alyxia buxifolia</i>	Sea Box	Slow-growing shrub with leathery, glossy, dark green leaves and scented white flowers with an orange tube.	Low Shrub (<2m)	
<i>Arthropodium strictum</i>	Chocolate Lily	Lily with violet, slightly chocolate-scented flowers on long stalks, spring. Plant in drifts for best effect.	Herbs/Lilies Wildflowers	
<i>Atriplex cinerea</i>	Coast Saltbush	Attractive silver-grey foliage. Drought and salt tolerant. Fire retardant.	Low Shrub (<2m)	Resistant & Retardant
<i>Austrostipa flavescens</i>	Coast Spear-grass	Perennial grass that grows as tufts with smooth stems and is a useful soil binder for sandy soil.	Grasses/Sedges/Rushes	
<i>Austrostipa mollis</i>	Soft Spear-grass	Tall clumping grass, with velvety leaves. A graceful accent plant in the garden. Hard prune after flowering.	Grasses/Sedges/Rushes	
<i>Austrostipa rudis</i>	Veined Spear-grass	Tufted, with structure reaching to 1.3m high. Grows in moist soils & will tolerate dry. Attractive plant for birds & butterflies.	Grasses/Sedges/Rushes	
<i>Austrostipa stipoides</i>	Prickly Spear-grass or Coast Spear-grass	Rounded, rush-like tussock with prickly leaves. Excellent accent plant.	Grasses/Sedges/Rushes	
<i>Baloskion tetraphyllum</i>	Tassel Cord-rush	Ornamental, bright green, tall feathery tussock. Ideal in or around ponds. Non-invasive.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Banksia integrifolia</i>	Coast Banksia	Ornamental shade tree and windbreak. Yellow flower spikes all year.	Tree (10m+)	Retardant
<i>Banksia marginata</i>	Silver Banksia	Yellow flower spikes, autumn. Good screen.	Tall Shrub (2-5m+)	Retardant
<i>Banksia spinulosa</i>	Hairpin Banksia	Dense erect to spreading shrub with narrow toothed leaves and large, golden flowerheads with black styles.	Tall Shrub (2-5m+)	
<i>Billardiera mutabilis</i>	Common apple-berry	Twining climber with brown stems remaining in lower shrub level. Great climber for growing under trees.	Creeper/Vine	
<i>Blechnum nudum</i>	Fishbone Water-fern	Densely tufted perennial fern with erect fronds, on thick erect rhizome (rooting stem), sometimes forming a short trunk. Forms large colonies. Sterile and fertile fronds dissimilar. New growth yellowish.	Fern	
<i>Bossiaea cinerea</i>	Showy Bossiaea	Showy yellow and red pea flowers, spring. Tolerates coastal exposure.	Low Shrub (<2m)	
<i>Bulbine bulbosa</i>	Bulbine Lily	Densely tufted lily with yellow, star-like flowers clustered on leafless stems.	Herbs/Lilies	
<i>Bursaria spinosa</i>	Sweet Bursaria	Scented, creamy-white flowers, summer. Spiny branches when young.	Tall Shrub (2-5m+)	Retardant
<i>Calochlaena dubia</i>	Common Ground-fern, False Bracken	Single upright fronds 2-8cm apart spreading along branched underground stems to form dense colonies. New growth bright green, covered in clear to pale hairs.	Fern	
<i>Carex appressa</i>	Tall Sedge	Robust tussock sedge. Butterfly attracting. Used for erosion control. Good in or around ponds. Provides habitat.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Carex fascicularis</i>	Tassel Sedge	Tufted, bright green, leafy sedge with attractive, drooping golden spikes.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Carex inversa</i>	Knob Sedge	Tufted sedge up to 60cm across with short creeping rhizome and flowering stems followed by clustered seed heads slightly longer than the leaves. Tolerants wet or dry conditions.	Grasses/Sedges/Rushes	
<i>Carpobrotus rossii</i>	Pigface	Spreading succulent perennial. Large purple flowers open on sunny days. Good soil binder.	Creeper/Vine	Resistant & Retardant

Wonthaggi Seed Bank & Nursery - Plant List

<i>Cassinia aculeata</i>	Dogwood/Common Cassinia	Fast-growing. Crowded, domed flowerheads, summer. Aromatic leaves. Quick screen. Understorey planting.	Tall Shrub (2-5m+)	
<i>Centella cordifolia</i>	Swamp Pennywort	Matting herb. Scalloped leaves. Moist to wet soils. Grows well around pools.	Creeper/Vine Aquatic/Wetland	
<i>Chrysocephalum apiculatum</i>	Common Everlasting	Spreading herb with grey foliage. Yellow flower buttons, spring. Prune to encourage new growth.	Herbs/Lilies Wildflowers	
<i>Chrysocephalum baxteri</i>	Fringed Everlasting	The flower heads occur singly at the ends of the stems with yellow centres surrounded by white bracts. Leaves are linear, silvery-green with woolly hairs giving a silvery appearance on the undersurface.	Herbs/Lilies Wildflowers	
<i>Clematis aristata</i>	Mountain Clematis	Vigorous vine with creamy star flowers, spring. Attractive feathery seed heads persist.	Creeper/Vine	
<i>Clematis microphylla</i>	Small Leaf Clematis	Variable trailer or climber. Star flowers, summer. Attractive feathery seed heads persist.	Creeper/Vine	
<i>Coprosma quadrifida</i>	Prickly Currant-bush	Spiny shrub. Edible red berries. Good refuge for small birds.	Tall Shrub (2-5m+)	
<i>Coronidium scorpioides</i>	Button Everlasting	Perennial herb with greyish foliage, spreading to form a mat. Yellow everlasting flowers, spring.	Herbs/Lilies Wildflowers	
<i>Correa alba</i>	White Correa	Adaptable spreading shrub, tolerates wind and spray. White star flowers, spring-summer.	Low Shrub (<2m)	Retardant
<i>Crassula helmsii</i>	Swamp Crassula	Prostrate spreading herb, rooting at nodes. Excellent beside ponds.	Herbs/Lilies Aquatic/Wetland	
<i>Cyathea australis</i>	Rough Tree-fern	Grows up to 12 meters tall with fronds up to 4 meters wide.	Fern	
<i>Cycnogeton procerum</i>	Water Ribbons	Robust amphibious perennial. Erect or floating strappy leaves. Water to 2m deep.	Herbs/Lilies Aquatic/Wetland	
<i>Cynoglossum australe</i>	Austral Hound's-Tongue	Perennial herb with tiny blue flowers, spring-summer. Seeds sticky.	Herbs/Lilies	
<i>Daviesia latifolia</i>	Hop Bitter-pea	Spreading shrub. Leathery grey-green leaves. Orange-yellow and maroon pea flowers. Tolerates coastal exposure & light frosts.	Low Shrub (<2m)	
<i>Dianella brevicaulis</i>	Coast Flax-lily	Attractive, long-lived perennial lily. Blue flowers and berries. Flower stems shorter than foliage.	Herbs/Lilies	Retardant
<i>Dianella revoluta</i>	Black Anther Flax-lily	Attractive, long-lived perennial lily. Blue flowers and berries. Flower stems longer than foliage.	Herbs/Lilies	Retardant
<i>Dianella tasmanica</i>	Tasman Flax-lily	Robust, attractive, long-lived, spreading perennial lily. Tolerant of most conditions once established.	Herbs/Lilies	Retardant
<i>Dichelachne crinita</i>	Plume grass	Tufted ornamental perennial grass. Seeds may irritate skin	Grasses/Sedges/Rushes	
<i>Dichondra repens</i>	Kidney Weed	Prostrate spreading herb, rooting at nodes. Kidney-shaped leaves. Alternative to lawn in light traffic areas.	Creeper/Vine	
<i>Diplarrena moraea</i>	Butterfly Flag	Dense tussock-forming iris. White scented flowers. Good accent plant.	Herbs/Lilies Wildflowers	
<i>Disphyma crassifolium</i>	Rounded Noon-flower	Spreading ground cover. Magenta daisy-like flowers, spring-summer. Salt tolerant.	Creeper/Vine Wildflowers	Resistant
<i>Eleocharis acuta</i>	Common Spike-rush	Semi-aquatic herb with erect flowering stems. Terrific habitat plant for waterbirds, frogs and fish.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Eucalyptus globulus ssp. bicostata</i>	Victorian Blue Gum	Tall tree to 45m high, flowering Jan-Feb. Forest tree species, with bark that is smooth & sheds in long ribbons.	Tree (10m+)	
<i>Eucalyptus kitsoniana</i>	Gippsland Mallee or Bog Gum	Gum-barked tree. Attractive mallee form.	Small to Medium Tree (5-10m)	
<i>Eucalyptus obliqua</i>	Messmate	Dense canopy with stringy bark. Good for honey and hardwood.	Tree (10m+)	
<i>Eucalyptus ovata</i>	Swamp Gum	Bark mostly smooth. Leaves eaten by koalas. Good shade tree for swampy areas.	Tree (10m+)	
<i>Eucalyptus pauciflora</i>	Snow Gum (Powlett River Form)	Attractive white to cream trunk. Provides honey, fuel and assists with erosion control.	Tree (10m+)	
<i>Eucalyptus radiata</i>	Narrow-leaf Peppermint	Low branching tree with dense canopy. Good shade and shelter.	Tree (10m+)	
<i>Eucalyptus regnans</i>	Mountain Ash	Fast-growing tall tree with rough bark up to 15m, then smooth. Profuse white flowers and club-shaped buds.	Tree (10m+)	
<i>Eucalyptus strzeleckii</i>	Strzeleckii Gum	Critically endangered species. Tall tree good for revegetation projects on fertile soil on ridges, slopes & stream banks.	Tree (10m+)	
<i>Eucalyptus viminalis ssp. pryoriana</i>	Coastal Manna Gum	Well-branched tree with dense canopy. Good shade, shelter and windbreak.	Tree (10m+)	
<i>Eucalyptus viminalis ssp. viminalis</i>	Manna Gum	Fast-growing, adaptable, tall tree with smooth bark, rough at base only. Koala food tree.	Tree (10m+)	
<i>Eucalyptus willisii</i>	South Gippsland Peppermint	Small tree with rough bark, to 10 m., often mallee form. Fine leaves and attractive white flowers. Vulnerable in Victoria.	Small to Medium Tree (5-10m)	
<i>Ficinia nodosa</i>	Nobby Club-sedge	Tufted perennial sedge to 1m high. Globular flower heads. Soil binder. Accent plant.	Grasses/Sedges/Rushes	
<i>Gahnia filum</i>	Chaffy Saw-sedge	Perennial leafy tussock with narrow brown flowerhead and attractive fruit. Moist saline or brackish soil.	Grasses/Sedges/Rushes	
<i>Gahnia sieberiana</i>	Red-fruit Saw-sedge	Tussock sedge 2-3m tall. Shining red nuts after flowering. Prefers moist soil but will tolerate dryness. Butterfly food plant.	Grasses/Sedges/Rushes	
<i>Gahnia trifida</i>	Coast Saw-sedge	Upright clumping sedge with clustered flowerhead. Moist well-drained sandy soil.	Grasses/Sedges/Rushes	
<i>Glycine clandestina</i>	Climbing Glycine	Open twining plant, usually only noticed when flowering. Sprays of mauve pea flowers, spring.	Creeper/Vine	
<i>Goodenia humilis</i>	Swamp Goodenia	Spreading herb. Yellow flowers, summer. Moist to wet soil. Ideal for planting around pools.	Herbs/Lilies Aquatic/Wetland	
<i>Goodenia ovata</i>	Hop Goodenia	Light green foliage. Yellow flowers, spring-summer. Good understorey plant.	Low Shrub (<2m)	
<i>Goodenia ovata (prostrate)</i>	Hop Goodenia (prostrate)	Local prostrate form. Excellent ground cover. Butterfly attracting. Tolerates boggy soils.	Low Shrub (<2m)	
<i>Goodenia radicans</i>	Shiny Swamp-mat	Prostrate creeping herb with white to mauve fan-shaped flowers. Attractive around ponds. Tolerates wet & dry periods.	Herbs/Lilies	Resistant
<i>Goodia lotifolia</i>	Golden Tip	Fast-growing. Profuse yellow and red pea flowers, spring. Prune after flowering.	Tall Shrub (2-5m+)	
<i>Gratiola peruviana</i>	Austral Brooklime	Spawning spreading herb. Moist or wet soils but tolerates areas that dry out in summer. Suitable in or beside pool edges.	Herbs/Lilies Aquatic/Wetland	
<i>Gynatrix pulchella</i>	Hemp Bush	Open shrub. Small fragrant flowers, spring. Needs pruning to maintain vigour.	Tall Shrub (2-5m+)	

Wonthaggi Seed Bank & Nursery - Plant List

<i>Hakea nodosa</i>	Yellow Hakea	Dense to open habit. Fragrant yellow flowers, winter-spring. Good low screen.	Low Shrub (<2m)	
<i>Hakea teretifolia</i>	Dagger Hakea	Dense spreading shrub with sharp needle-like leaves. Hairy white flowers. Bird and butterfly attracting.	Tall Shrub (2-5m+)	
<i>Hakea ulicina</i>	Furze Hakea	Upright shrub with twisted foliage. White flowers, spring. Good bird habitat.	Tall Shrub (2-5m+)	
<i>Hedycarya angustifolia</i>	Austral Mulberry	Large shrub or small tree to 7m tall. Glossy dark green leaves. Rich, moist soil.	Tall Shrub (2-5m+)	
<i>Histiopteris incisa</i>	Bat's-wing Fern	Single upright fronds that are distantly spaced. They have spreading branched underground stems to form large colonies.	Fern	
<i>Hookerchloa hookeriana</i>	Hooker's Fescue	Rough, flat, broad bright green leaves, finely ridged. Sheaths are brown and the flowers are green or purplish. Likes moist slightly swampy soils.	Grasses/Sedges/Rushes	
<i>Imperata cylindrica</i>	Blady Grass	Erect, spreading perennial grass with dense, fluffy, cylindrical flowerhead. Good habitat for small animals.	Grasses/Sedges/Rushes	
<i>Indigofera australis</i>	Austral Indigo	Showy purple pea flowers, spring. Prune after flowering to maintain vigour. Butterfly attracting.	Low Shrub (<2m)	
<i>Juncus ssp.</i>	Rushes	Juncus are flowering plants commonly known as rushes. There are approximately 300 species. If you select Juncus from the standard order form, our team will select the species.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus amabilis</i>	Hollow Rush	Tufted perennial rush. Bird, lizard and frog habitat. Good in wet landscape.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus australis</i>	Austral Rush	Tufted perennial rush. Bird, lizard and frog habitat. Good in wet landscape.	Grasses/Sedges/Rushes	
<i>Juncus holoschoenus</i>	Jointed Rush	Clumping perennial rush. Bird, lizard and frog habitat. Good in wet landscape.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus kraussii</i>	Sea Rush	Stout perennial rush with spreading red-brown panicle. Saline or brackish conditions	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus pallidus</i>	Pale Rush	Robust tufted perennial rush to 2m tall. Bird, lizard and frog habitat. Good in wet landscape.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus procerus</i>	Tall Rush	Dense tufted perennial robust rush. Plant at the edge of permanent or seasonal water bodies.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus sarophorus</i>	Broom Rush	Tufted perennial rush. Bird, lizard and frog habitat. Good in wet landscape.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Juncus subsecundus</i>	Finger Rush	Tufted perennial rush. Bird, lizard and frog habitat. Good in wet landscape or seasonally dry soils.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Kennedia prostrata</i>	Running Postman	Matting ground cover. Red pea flowers, spring-summer. Drought tolerant.	Creeper/Vine Wildflowers	
<i>Kennedia prostrata (pink & white form)</i>	Running Postman	Matting ground cover. Pink to white flowers, spring-summer. Drought tolerant.	Creeper/Vine	
<i>Lepidosperma gladiatum</i>	Coast Sword-sedge	Robust sedge to 1m high with large dense flowerhead. Good sandy soil stabiliser. Bird attracting	Grasses/Sedges/Rushes	
<i>Leptospermum continentale</i>	Prickly Teatree	Prickly foliage. Masses of white flowers, spring. Good understory plant. Bird and butterfly attracting.	Low Shrub (<2m)	
<i>Leptospermum continentale (prostrate)</i>	Prickly Teatree (prostrate)	Local prostrate form. Excellent low ground cover. Butterfly attracting. Tolerates boggy soils.	Low Shrub (<2m)	
<i>Leptospermum laevigatum</i>	Coast Teatree	Attractive white flowers, spring. Front-line coastal planting only. Weedy in other areas	Tall Shrub (2-5m+)	
<i>Leptospermum lanigerum</i>	Woolly Teatree	Young growth silver and hairy. Masses of white flowers, spring. Moist soils.	Tall Shrub (2-5m+)	
<i>Leptospermum myrsinoides</i>	Heath Teatree	Compact. White or pale pink flowers, spring. Good understory plant.	Low Shrub (<2m)	
<i>Lepyrodia muelleri</i>	Common scale-rush	Erect perennial herb that likes wet peaty vegetation. It has both male & female flowers either separately on the same plant or on separate plants.	Herbs/Lilies Aquatic/Wetland	
<i>Leucophyta brownii</i>	Cushion Bush	Low rounded shrub with silver foliage. Yellow button flowers, spring-summer.	Low Shrub (<2m)	
<i>Leucopogon parviflorus</i>	Coast Beard-heath	Variable form. Scented, crowded white flowers, spring. Salt tolerant	Tall Shrub (2-5m+)	
<i>Linum marginale</i>	Native Flax	perennial herb with slender upright stems to 10 - 60 cm high. Dies back after flowering to root stock. Blue sky flowers in Spring and Summer. Mass plant.	Herbs/Lilies Wildflowers	
<i>Liparophyllum exaltatum</i>	Erect (Yellow) Marsh Flower	Perennial aquatic herb with a few stems. Yellow flowers with leaves that arise from the base.	Herbs/Lilies Aquatic/Wetland	
<i>Lobelia anceps</i>	Angled Lobelia	Matting ground cover. Small fan-shaped pale blue flowers, most of year. Seasonally moist soils.	Creeper/Vine	
<i>Lomandra longifolia ssp. exilis</i>	Mat-rush	Cluster-headed Mat-rush. Attractive tussock which can reach up to 1 metre in diameter with narrow green strap leaves to 4mm across. A great feature plant for landscaping.	Grasses/Sedges/Rushes	Resistant & Retardant
<i>Lomandra longifolia ssp. longifolia</i>	Spiny-headed Mat-rush	Dense tussock to 1m. Grows well under established trees. Accent plant.	Grasses/Sedges/Rushes	Resistant & Retardant
<i>Lotus australis</i>	Austral Trefoil	Erect perennial herb to 60cm. Flowers are usually white to shell-pink and can flower all year round but mostly in Spring. Part to full sun with moist soil.	Herbs/Lilies Low Shrub (<2m) Wildflowers	
<i>Lythrum salicaria</i>	Purple Loosestrife	Large purple flower spikes, spring-summer. Dies back to root stock over winter. Excellent for bog garden or beside pools.	Herbs/Lilies Aquatic/Wetland	
<i>Machaerina acuta</i>	Pale Twig-sedge	Slender tuft. Dense, oblong flowerhead. Ideal for bog garden. Buttery attracting.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Machaerina articulata</i>	Jointed Twig-sedge	Perennial sedge with drooping panicle. Suitable beside ponds as habitat for waterbirds. (In 15cm pots)	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Machaerina juncea</i>	Bare Twig-sedge	Spreading sedge to 1m tall. Butterfly attracting. Good in or around ponds.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Machaerina rubiginosa</i>	Soft Twig-sedge	Spreading sedge to 1m tall. Butterfly attracting. Good in or around ponds.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Machaerina tetragona</i>	Square Twig-sedge	Clumping perennial sedge that is Rush-like. Flower color is dark red-brown. Plant beside water areas & in bog gardens.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Mazus pumilio</i>	Swamp Mazus	Swamp Mazus. Suckering perennial herb for open damp areas which carpets the ground and has mauve flowers over a long period in spring. Quite drought tolerant once established.	Aquatic/Wetland	

Wonthaggi Seed Bank & Nursery - Plant List

<i>Melaleuca ericifolia</i>	Swamp Paperbark	Masses of cream flowers, spring. Useful in wet garden areas. Very adaptable. Responds well to pruning.	Small to Medium Tree (5-10m)	
<i>Melaleuca squarrosa</i>	Scented Paperbark	Profuse scented cream flowers, spring-summer. Moist to wet soils. Responds well to pruning.	Small to Medium Tree (5-10m)	
<i>Meliccytus dentatus</i>	Tree Violet	Masses of tiny cream bell flowers, spring-summer. Well-drained moist soils	Tall Shrub (2-5m+)	
<i>Microlaena stipoides</i>	Weeping Grass	Variable perennial grass with graceful arching stems. Good lawn grass for shady sites.	Grasses/Sedges/Rushes	
<i>Microseris scapigera</i>	Yam daisy, Murnong	Tufted perennial herb and has a single yellow flowerhead that attracts butterflies.	Herbs/Lilies Wildflowers	
<i>Montia australasica</i>	White Purslane	Erect bright green narrow leaves. Long-stalked small white flowers, spring summer. Ponds & wetlands	Herbs/Lilies	Resistant
<i>Myoporum insulare</i>	Boobialla	Rounded habit with succulent leaves. White flowers, spring. Fire retardant. Good screen or windbreak.	Tall Shrub (2-5m+)	Resistant & Retardant
<i>Myriophyllum crispatum</i>	Milfoil	Perennial spreading herb. Foliage feathery. Good habitat in pools.	Herbs/Lilies Aquatic/Wetland	
<i>Myrsine howittiana</i>	Muttonwood	Tall shrub or small tree with glossy dark green leaves and cream flowers on old wood. Fruit attractive fleshy blue to violet drupes.	Tall Shrub (2-5m+)	
<i>Olearia argophylla</i>	Musk Daisy-bush	Up to 10m tall. Shiny dark green leaves, silvery below. Crowded terminal clusters of white daisy flowers	Tall Shrub (2-5m+)	
<i>Olearia axillaris</i>	Coast Daisy-bush	Cottony-grey bush with tiny yellow flowers, summer-autumn. Soil binder. May be hedged.	Low Shrub (<2m)	
<i>Olearia glutinosa</i>	Sticky Daisy-bush	Showy white to mauve flowers, summer. Sticky foliage. Drought tolerant.	Low Shrub (<2m)	
<i>Olearia lirata</i>	Snowy Daisy-bush	Soft open shrub. Masses of white flowers, spring. Moist well-drained soil.	Tall Shrub (2-5m+)	
<i>Olearia phlogopappa</i>	Dusty Daisy-bush	Masses of white flowers, summer. Prune to encourage flowering.	Low Shrub (<2m)	
<i>Olearia ramulosa</i>	Twiggy Daisy-bush	Sprawling shrub with tiny white flowers, spring-summer. Good understorey plant or low screen if pruned.	Low Shrub (<2m)	
<i>Ornduffia reniformis</i>	Running Marsh-flower	Tufted stoloniferous herb. Kidney-shaped leaves. Yellow flowers, spring-summer. Attractive in and around ponds.	Herbs/Lilies Aquatic/Wetland	
<i>Ozothamnus ferrugineus</i>	Tree Everlasting	Open shrub with narrow shining leaves. White flowers in terminal clusters. Fast-growing. Moist, well-drained soil. Good background plant.	Tall Shrub (2-5m+)	
<i>Ozothamnus turbinatus</i>	Coast Everlasting	Stiff, narrow leaves. Cream flower clusters, autumn. Coastal soil binder. Prune after flowering.	Low Shrub (<2m)	
<i>Pandorea pandorana</i>	Wonga Wonga Vine	Vigorous climber. Showy, creamy-white tubular flowers with maroon markings, spring.	Creeper/Vine	
<i>Patersonia fragilis</i>	Short Purple-flag	Tussock-forming perennial iris. Fine blue-green leaves. Purple flowers held within the foliage, spring-summer.	Herbs/Lilies Wildflowers	
<i>Patersonia occidentalis</i>	Long Purple-flag	Clumping perennial iris. Purple flowers, spring-summer. Suitable for bog gardens but also tolerates dry conditions.	Herbs/Lilies Wildflowers	
<i>Pauridia vaginata</i>	Yellow Star	Tufted perennial herb with corm less than 2cm long. Hairless. Grows well amongst grasses, great for rockeries and containers.	Herbs/Lilies	
<i>Pelargonium australe</i>	Austral Stork's-bill	Soft foliage. Pink flowers with darker markings, spring-summer. Drought tolerant.	Herbs/Lilies Wildflowers	
<i>Persicaria decipiens</i>	Slender Knotweed	Perennial herb, leaves stems sometimes red. Bright pink flowers on spikes. Seeds provide food for waterbirds.	Aquatic/Wetland	
<i>Philydrum lanuginosum</i>	Woolly Frogsmouth	Suitable for planting around ponds, dams and on creek banks. They will tolerate periodic inundation and can be used as for stabilising soil.	Aquatic/Wetland	
<i>Phragmites australis</i>	Common Reed	Fast-growing reed. Fluffy flower spikes. Provides food and nesting for waterbirds. Keep contained.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Pimelea humilis</i>	Small Rice-flower	Perennial sub-shrub with grey-green leaves. Fragrant Creamy-white flowerheads. Butterfly attracting.	Low Shrub (<2m)	
<i>Poa clelandii</i>	Matted Tussock-grass	Matted perennial tussock-grass. Spikelets are usually purplish, greenish or straw colored flowering September - January.	Grasses/Sedges/Rushes	
<i>Poa labillardierei</i>	Common Tussock-grass	Large dense tussock. Flowering stems exceed leaves. Landscape accent plant. Bird and butterfly attracting.	Grasses/Sedges/Rushes	
<i>Poa morrisii</i>	Velvet Tussock-grass	A very attractive grass for landscaping larger areas or borders. Spikelet flowers are green or purplish. Usually associated with dryer grassy woodlands/rocky soils.	Grasses/Sedges/Rushes	
<i>Poa poiformis</i>	Coastal Tussock-grass	Large dense tussock. Flowering stems equal to leaves. Bird and butterfly attracting. Salt spray tolerant.	Grasses/Sedges/Rushes	
<i>Poa tenera</i>	Slender Tussock-grass	A trailing perennial that sometimes forms tussocks. Spikelets are green and rarely purplish. Flowers between October - January.	Grasses/Sedges/Rushes	
<i>Polystichum proliferum</i>	Mother Shield-fern	Erect tufted perennial fern on a thick underground stem (rhizome), sometimes forming a short trunk. New growth bright green, erect, older fronds arching, producing new bulbils on ends	Grasses/Sedges/Rushes	
<i>Pomaderris aspera</i>	Hazel Pomaderris	Slender, leafy shrub. Cream flowers in terminal sprays, spring. Likes moist, rich soil. Interesting bark as plant ages.	Tall Shrub (2-5m+)	
<i>Pomaderris elliptica</i> var. <i>elliptica</i>	Smooth Pomaderris	Tall erect or rounded shrub with densely creamy hairy branchlets. Yellow flowers	Tall Shrub (2-5m+)	
<i>Pomaderris paniculosa</i> ssp. <i>paralia</i>	Coast Pomaderris	Compact shrub with glossy leaves. Small cream flowers, spring. Coastal shrub with reddish new growth.	Low Shrub (<2m)	
<i>Prostanthera lasianthos</i>	Victorian Christmas Bush	Compact tall shrub with spectacular scented white flowers, spotted with orange and purple, over the summer months.	Tall Shrub (2-5m+)	
<i>Pultenaea daphnoides</i>	Large-leaf Bush-pea	Fast-growing. Showy egg and bacon pea flowers, spring. Drought tolerant.	Low Shrub (<2m)	
<i>Pultenaea stricta</i>	Rigid Bush-pea	Slender upright shrub to 1m with clusters of yellow and red pea flowers,	Low Shrub (<2m)	
<i>Pultenaea tenuifolia</i>	Slender Bush-pea	Prostrate matting shrub with tiny yellow pea flowers	Low Shrub (<2m) Wildflowers	
<i>Ranunculus inundatus</i>	River Buttercup	Vigorous perennial herb. Finely divided leaves. Glossy yellow flowers, spring-summer. Good in or beside ponds.	Herbs/Lilies Aquatic/Wetland	
<i>Ranunculus lappaceus</i>	Australian Buttercup	Perennial herb with basal rosette of foliage with spikes of glossy yellow flowers primarily from August to November.	Herbs/Lilies Wildflowers	
<i>Rhagodia candolleana</i>	Seaberry Saltbush	Succulent foliage. Flowers spring, followed by red berries, autumn. Used as a screen or hedge. Soil stabiliser.	Low Shrub (<2m)	Resistant & Retardant

Wonthaggi Seed Bank & Nursery - Plant List

<i>Rubus parvifolius</i>	Native Raspberry	Scrambling small shrub with branches covered in thorns. Deep pink flowers followed by edible red berris. Bird attracting.	Creeper/Vine	
<i>Rytidosperma geniculatum</i>	Knead Wallaby-grass	Perennial grass to 40cm tall. Small, fluffy flowerhead. Bird and butterfly attracting. Beautiful grass for gardens.	Grasses/Sedges/Rushes	
<i>Rytidosperma setaceum</i>	Bristly Wallaby-grass	Perennial grass to 70 cm tall. Small, fluffy flowerhead. Bird and butterfly attracting. Can be used as a native lawn.	Grasses/Sedges/Rushes	
<i>Schoenoplectus tabernaemontani</i>	River Club Rush	Robust perennial sedge. Flowering panicle, summer. Wet soil or shallow water. Waterbird habitat.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Schoenus apogon</i>	Common Bog-rush	Small tufted annual herb with fine leaves and tiny blackish flower spikelets.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Schoenus brevifolius</i>	Zig-zag Bog-rush	Stiffly erect nodeless stems to 90cm. Narrow erect red-brown spikelets.	Grasses/Sedges/Rushes Aquatic/Wetland	
<i>Senecio pinnatifolius</i>	Variable Groundsel	Variable succulent foliage. Yellow daisy flowers, spring-summer. Butterfly attracting.	Herbs/Lilies Wildflowers	
<i>Solanum aviculare</i>	Kangaroo Apple	Soft woody shrub. Large divided leaves. Purple flowers, spring-summer. Orange to scarlet fruit. Heavy prune to rejuvenate.	Tall Shrub (2-5m+)	Retardant
<i>Spinifex sericeus</i>	Hairy Spinifex	Creeping perennial grass with hairy, silvery foliage and female tumbleweed flowers. Frontline coastal.	Grasses/Sedges/Rushes	
<i>Stackhousia monogyne</i>	Creamy Candles	Glabrous perennial with one to many erect stems that carry showy, terminal spikes of white or creamy flowers from September to February. Common heathland plant.	Herbs/Lilies Wildflowers	
<i>Stylidium armeria</i>	Thrift-leaved Triggerplant	Pink flower spikes, spring-summer. Plant in drifts for best effect. Drought tolerant once established.	Herbs/Lilies Wildflowers	
<i>Swainsona lessertiifolia</i>	Coast Swainson-pea	Sprawling perennial herb. Sprays of purple pea-flowers, spring. Cut back in winter to encourage flowering.	Herbs/Lilies	
<i>Tetragonia implexicoma</i>	Bower spinach	Succulent, scrambling perennial subshrub. Yellow flowers, spring-summer. Sand stabiliser.	Creeper/Vine	Resistant & Retardant
<i>Thelionema caespitosum</i>	Tufted Blue Lily	Tufted perennial herb, leaves in 2 opposite rows. Delightful for cottage garden and rockeries etc.	Herbs/Lilies	
<i>Themeda triandra</i>	Kangaroo Grass	Sprawling perennial tussock. Leaves bluish-green. Attractive golden-brown flowerheads, spring-summer. Attractive used in landscaping or mass planted.	Grasses/Sedges/Rushes	
<i>Thyridia repens</i>	Creeping Monkey-flower	Marsh plant with violet flowers with a yellow & white centre which will tolerate inundation & saline conditions. Attractive on pond edge.	Aquatic/Wetland	
<i>Triglochin striata</i>	Streaked Arrowgrass	Slender spreading perennial herb. Tiny flowers on spikes, spring-summer. Wet soil or shallow water.	Herbs/Lilies Aquatic/Wetland	
<i>Viminaria juncea</i>	Golden Spray	Attractive weeping needle-like foliage. Sprays of yellow pea flowers, summer. Good beside ponds. Tolerates poorly-drained soils.	Tall Shrub (2-5m+)	Retardant
<i>Viola hederacea</i>	Native Violet	Spreading perennial herb. Dark green leaves. Single violet flowers. Hardy once established.	Herbs/Lilies Wildflowers	Retardant
<i>Wahlenbergia gymnoclada</i>	Naked Bluebell	Erect perennial herb spreading by underground stems (rhizomes). Stems single, occasionally branched.	Herbs/Lilies Wildflowers	
<i>Xanthorrhoea australis</i>	Austral Grass-tree	Stout perennial with thick, often branched, woody trunk, generally black as a result of fire	Grasses/Sedges/Rushes	
<i>Xanthorrhoea minor</i>	Small Grass-tree	Stout perennial with underground woody trunk, branched underground.	Grasses/Sedges/Rushes	
<i>Zoysia macrantha</i>	Prickly couch	Perennial grass. Tolerates saline conditions. An effective native lawn that does not need mowing.	Grasses/Sedges/Rushes
